Re: Revision to Monroe County 8-hr Ozone Nonattainment Boundary

Dear Ms. Prince:

As per our earlier conversation, please accept the following supplemental information concerning the specific boundary description for the Monroe County portion of the Macon 8-hr Ozone Nonattainment Area. This revised boundary description fulfills U.S. EPA's intended purpose of including this section of Monroe County as part of the Macon, Georgia 8-hr Ozone Nonattainment Area while minimizing unintended consequences, such as transportation conformity requirements.

From the point where Bibb and Monroe Counties meet at US Hwy 23/Georgia Hwy 87, follow the Bibb/Monroe County line westward 150' from the US Hwy 23/Georgia Hwy 87 centerline, proceed northward 150' west of and parallel to the US Hwy 23/Georgia Hwy 87 centerline to 33 degrees, 04 minutes, 30 seconds; proceed westward to 83 degrees, 49 minutes, 45 seconds; proceed due south to 150' north of the Georgia Hwy 18 centerline, proceed eastward 150' north of and parallel to the Georgia Hwy 18 centerline to 1150' west of the US Hwy 23/Georgia Hwy 87 centerline, proceed southward 1150' west of and parallel to the US Hwy 23/Georgia Hwy 87 centerline to the Monroe/Bibb County line; then follow the Monroe/Bibb County line to 150' west of the US Hwy 23/Georgia Hwy 87 centerline.

Attached is a graphical representation of this area for your use.

If you or your staff have any questions or require additional information, please contact Jimmy Johnston at (404) 363-7014 or by e-mail at jimmy_johnston@dnr.state.ga.us or Terry Johnson at (404) 363-7091 or by e-mail at terry_johnson@dnr.state.ga.us .

Sincerely,

Ron Methier
Chief
Air Protection Branch
