

**Ken Israels**  
**Environmental Engineer, USEPA Region 9**

Ken Israels is an environmental engineer working for USEPA Region 9 in San Francisco. He works primarily on environmental justice issues and program evaluation. With almost 20 years of broad experience in the Clean Air Act, he has worked on engineering, enforcement, and policy issues especially as they relate to environmental justice issues in California, Nevada, Hawaii, and Arizona.

Ken also enjoys playing the trumpet semi-professionally.
