<u>Energy Foundation (CA)</u>	5	Nat	All	Energy efficiency and renewable energy. Have to call and ask if EF would support the change out program, since they explicitly do not provide for the purchase of equipment.	Utilities, buildings, transportation, renewable energy, integrated issues, U.S. Clean Energy Program. Buildings prog: create market pull initiatives that bring super-efficient appliances into the market.	Write brief letter of inquiry describing project, purpose and \$ request (optional), to see if project meets guidelines. Members: Pew CT, MacArthur F, Rockefeller F, Mertz Gilmore F, McKnight F, Packard F (Clean Energy Program only). Local projects only supported if intend to replicate, have broader regional/national implications. Does NOT support purchase of equipment, even if intent is to save energy.
<u>John D. and Catherine T. MacArthur Foundation (IL)</u>	5 See EF	Nat	All Global	In support of practical interventions, the program gives priority to projects that are likely to yield lasting improvements after a	neighborhood development, regional policy, improving public education, early education and care, juvenile justice, mental health	Not a good match. Highly unlikely.
<u>Mertz Gilmore Foundation (NY)</u>	5 See EF	Nat	NY	Human and built environment in NYC; energy	Environment and energy efficiency and renewables; apply through Energy Foundation	Partner of Energy Foundation, gives entire annual energy budget to EF; to participate in their NYC human and built envi't program, would need to partner with a deeply embedded NYC-wide non-profit working on poverty
<u>The David and Lucile Packard Foundation (CA)</u>	5 See EF	Nat	All Global	to ensure opportunities for all children to reach their potential, to protect reproductive rights and stabilize world population, to conserve and restore the earth's natural systems, and to encourage the creative pursuit of science.	Conservation and Science; Population; and Children, Families, and Communities; plus Atmosphere.	Apply through the Energy Foundation (EF) for Packard's Atmosphere program. Focus on reducing GHG emissions and improving energy efficiency. Focus on lower GHG emissions from wood than fossil fuels.
