Discussion

At the June 30, 2004, meeting, the presentation materials provided by Cinergy contained confidential business information (CBI) and were retained by Cinergy. On August 3, 2004, Cinergy provided a non-CBI version of the presentation materials (dated August 3, 2004) used at the June 30 meeting; the August 3 submittal has been docketed separately. (Note: there was no meeting held with Cinergy on August 3 – this is just the date of submittal of the non-CBI version of the June 30 presentation materials.)
